MODEL SCHOOLS IN ... A NUTSHELL

-What is the purpose of model schools in general ?

- Model schools are school units in all levels of education , where new teaching tools, educational approaches and teaching methods are tested.
- They offer students the chance to participate in research programs.

-How do I join this high school ?

- To join the Model General High Schools, you need to pass through strict examination in which you are tested on knowledge you have gained throughout the previous school year.
- Like in every other school, at the end of the school year (late May), all students take exams to advance to the next grade.

After-School Clubs

-What can you do in after-school clubs?

- Clubs cover a wide variety of subjects and activities, from learning poetry to movie making.

-What do they have to offer?

- These clubs are a great way to learn more about a subject you may be interested in.
- Students acquire knowledge through engaging ways of teaching, a notable example is being taught about the wildlife and gardening whilst being in nature.
- It is a way of socializing since participants get to know better students from other grades.

Our STEM Club!
